Dear Susan, Rab, Duncan & Shaun

We would like to thank you for our wonderful new kitchen. It is a real work of craftsmanship and has been much admired by our guests and neighbours.

What we found particularly impressive was the way that you arranged everything for us meaning we did not have to find tradesmen.

You organised the builder, slater, plasterer, plumber and electrician in addition to Duncan and Shaun who did a power of work as well as installing the kitchen.

It was a real pleasure to have them in the house, and they came up with such excellent ideas as we went along to help us make sure everything was going to work to suit us best.

We will not hesitate to use your services in the future, being assured of the quality of your workmanship.

Very kind regards

Eddie and Nicky Cruickshank.
